Level 4 Certificate in Irish Sign

Language and Introduction to Interpreting

601/3732/0

Sept 2016 – Aug 2017

QUALIFICATION SPECIFICATION

Signature Level 4 Certificate in Irish Sign Language and Introduction to Interpreting (RQF)

(QAN: 601/3732/0)

(Signature Qualification Reference: ISLI4)

Qualification aim

The Level 4 Certificate in Irish Sign Language and Introduction to Interpreting caters for the learning needs of those who already have competence in Irish Sign Language at Level 3 and are interested in an introduction to interpreting. It is designed for those who work with, or want to work with, Deaf people (e.g. social workers, teachers of the Deaf, communicators, voluntary workers, workers within Deaf organisations, schools, etc.), those who wish to expand their knowledge and skills in Irish Sign Language and those who are interested in a career in interpreting. Successful completion of this qualification can be used as evidence of the language skills needed, in order to be able to operate independently and at an advanced level in the target language.

This qualification uses the National Occupational Standards at Level 4 and also the Trainee Sign Language Interpreter standards. The assessment criteria for units ISL421 and ISL422 are taken from the UK Occupational Language Standards at Level 4 ('extended' language use). The qualification is at Level 4 on the Qualification & Credit Framework (RQF), Extended Level on the Language Ladder, and Level B2/C1 on the Common European Framework. Application of these standards has been applied to the units within the qualification.

The assessment criteria for unit ISL423 are taken from the National Occupational Standards at Trainee Sign Language Interpreter Level.

NB The knowledge and understanding element of the National Occupational Standards (NOS) are not formally assessed. Assessment is through the assessment criteria. They do provide background information to help support the achievement of the assessment criteria detailed in each unit.

The standards can be used to:

- Describe good practice in particular areas of professional activity.
- Inform job descriptions and personal specifications.
- Design training courses and continuous professional development.
- Assess the skills of those who are qualified, e.g. for recruitment or appraisal purposes.
- Offer a framework for quality assurance.

Qualification structure

The qualification is divided into four units each of which will be assessed separately. Although assessments can be taken straight after each unit has been taught, Signature suggests that **all** external assessments are best taken at the end of the course when all teaching is complete.

Unit type	Signature unit code	RQF unit number	Unit title	Unit details
Mandatory	ISL420	H/506/4826	Extended sign language linguistics	See Unit Specification ISL420
Mandatory	ISL421	K/506/4827	Understand extended Irish Sign Language in a range of work and social situations	See Unit Specification ISL421
Mandatory	ISL422	K/506/4830	Use extended Irish Sign Language in a range of work and social situations	See Unit Specification ISL422
Mandatory	ISL423	T/506/3924	Introduction to Interpreting	See Unit Specification ISL423

Qualification objectives

Successful completion of this qualification can be used as evidence of the language skills needed in order to be able to operate independently and at an advanced level in the target language. It is useful for those who work on a regular basis with Deaf people (e.g. social workers, teachers of the Deaf, communicators, voluntary workers, workers within Deaf organisations, schools, etc.), those who aspire to work in these contexts, and those who wish to expand their knowledge and skills in Irish Sign Language.

The completion of unit ISL423 can be used as evidence of the interpreting skills needed in order to apply for registration as a trainee interpreter. It is important to note however that this alone does not allow a successful candidate to achieve Trainee Interpreter status. There are a number of other criteria that must also be achieved before applying for registration as a Trainee Interpreter, please refer to the NRCPD website for information on this: www.nrcpd.org.uk.

UNIT SPECIFICATION

Unit ISL421 – Understand extended Irish Sign Language in a range of work and social situations

(RQF Unit Number: K/506/4827)

Guided Learning Hours	Additional study/practice	Total Learning Time	Credit value at Level 4
70	50	120	12

Unit aim

The aim of the unit is to enable learners to understand extended Irish Sign Language in a range of work **and** social situations.

Unit Summary

By the end of this unit the learner can follow conversations and discussions, delivered at normal speed, on a range of topics in different work and social situations (including one to one interaction, group discussions and presentations). Learners can take part in detailed social interaction as well as following negotiations, discussions and instructions within their area of work. The learner can follow news items, interviews and documentaries. If appropriate, they can deal with non-routine telephone or video calls or web-based live communications.

Receptive skills

Note:

The natural context for using Irish Sign Language is through communication e.g. conversations, discussions, and presentations. The best approach to teaching is to work through ISL420, ISL421 and ISL422 at the same time, covering receptive and productive linguistic content together. We recommend that the assessment for ISL420 is carried out first.

Learners should receive the appropriate amount of teaching before taking the assessment.

Learners will be expected to attend classroom-based learning and teachers should provide a

range of group activities. Teachers are also expected to include one to one tutorials and feedback. Ideally, learners should interact with ISL users in a variety of real life situations and are also expected to pursue a course of private study in addition to the above.

ASSESSMENT SPECIFICATION

Please read this specification in conjunction with Signature Assessment Regulations on our website.

Assessment for this unit will be split into different parts as detailed below:

Assessment	Method of assessment
1. Discussion	Internally assessed at the centre
2. Discussion	Internally assessed at the centre
3. Discussion	Internally assessed at the centre
4. Discussion	Internally assessed at the centre
5. Learning Journal	Internally assessed at the centre
6. Sight translation (ISL to English)	Externally assessed by Signature
7. DVD conversation in ISL	Externally assessed by Signature

Important Notice: All Internally Assessed Units will be Externally Quality Assured by Signature

Parts 1 to 4 – Discussion

For parts 1 to 4 candidates will need to participate in four discussions with ISL users. A range of assessment methods can be used in parts 1 to 4, but at least two of the pieces of evidence should be filmed, and a third piece of evidence above must be assessed through live observation. See Teacher Notes for more information.

Notes:

- Candidates can choose their own areas for discussion, based on the topics provided in this unit, with guidance from their teacher.
- Candidates should only have discussions in ISL with people who have skills at Level 4 ISL or above.

- Candidates should not film evidence with the same person more than twice.

Candidates' evidence will be collected in a portfolio and they must show which assessment criteria has been met on the relevant Candidate Assessment Record (CAR) form.

The clips used to collect evidence can be used for ISL420, ISL421 and ISL422 if the assessment criteria is covered for both receptive and productive in any one piece of evidence.

Part 5 – Learning Journal

Candidates will be expected to create a Learning Journal to reflect on their performance, documenting their areas of learning. Candidates should use the template provided and will need to show which criteria they have met on the CAR form for this part of the assessment. The Learning Journal should cover the length of the course. This will be internally assessed by appropriately qualified staff at the centre and externally moderated by Signature.

Part 6 – Sight Translation

Candidates will be assessed on their ability to translate ISL into English from a pre-recorded clip provided by the Signature. Candidates will need to meet all assessment criteria in Learning Outcome 3.

Notes:

- Candidates can watch the clip as many times as they require within the 60 minute assessment time allocated.
- Candidates can take notes throughout the viewing of the clip.
- Candidates will then produce a final written translation of the clip.
- Candidates have 60 minutes for this assessment.

The recorded evidence for Part 6 will be sent to a Signature External Assessor for marking. Please refer to the Signature regulations for this unit.

The pass mark for Part 6 is 75%.

Part 7 – DVD conversation in ISL

Candidates will be assessed on their understanding of a DVD conversation presented in ISL.

Notes:

- The candidates will watch a two-way conversation DVD for this part of the assessment relating to one or more of the topics in this unit.
- The DVD will play the conversation for the first time. After the viewing of the conversation for the first time, the DVD will pause for **5 minutes**. During these 5 minutes, the candidates will read the questions. The DVD will automatically continue to play the conversation for a second time. **Candidates are not permitted to answer the questions during the second viewing of the conversation.**
- The candidates have a maximum of **30 minutes** to complete their answers on the assessment papers. The DVD will instruct when the 30 minute timing will begin.
- Candidates should be able to recognise all common regional variations in ISL, as the presenter on the DVDs may not use the candidates local signs.

The pass mark for Part 7 is 75%.

The evidence collected for parts 1 to 5 will be internally assessed by appropriately qualified staff at the centre and externally moderated by Signature. The CAR forms to show that candidates have achieved parts 1 to 5 must be returned to Signature, at the same time as sending Parts 6 and 7 to the Signature External Assessor for marking. Centres must keep filmed evidence for parts 1 to 5 for External Quality Assurance purposes, should they be required.

Candidates must pass all 7 parts to achieve this unit.

- Candidates will sign their presentation to the camera. **The candidate should be fully viewable, in the viewing frame of the camera, and all ISL features fully visible.**
- The assessment must be no longer than 20 minutes. Any assessment over 20 minutes will be marked up until 20 minutes only and the remainder disregarded.
- Candidates can take the transcript and/or written notes into the assessment room as an 'aide memoire'. Candidates should be careful that using these notes does not unduly affect the fluency of their translation.

The recorded evidence for Part 6 will be sent to a Signature External Assessor for marking. Please refer to the Signature regulations for this unit.

The pass mark for Part 6 the assessment is 75%.

Part 7 – Presentation

Candidates must choose **one** of the topic titles from the list of three topic titles provided by Signature, **no less than 4 weeks** prior to the agreed date/time of the assessment. They will use this time to prepare for their presentation assessment. Candidates will be assessed on their ISL presentation.

All discussion topics should have emphasis on Deaf related issues.

Notes:

- The candidates will sign their 14-15 minute presentation to the teacher. The teacher and candidate should **both** be viewable, in the viewing frame of the camera, and **all** ISL features fully visible.
- **Start the assessment time** when the presentation starts.
- Candidates are encouraged to use visual aids but these may not take up an undue amount of time allowed for the assessment and not be the main focus of the assessment.
- If the candidate is struggling with their presentation, the teacher may prompt the candidate to help them to keep their presentation flowing. The teacher must not help them with their signing but can comment on or ask a question related to the theme. The teacher can prompt the candidate twice during the presentation if necessary. **External assessors will notify**

Signature of any centre that demonstrates excessive prompting or where ISL features are not visible and the candidate will be marked as not assessed.

The recorded evidence will be sent to a Signature External Assessor for marking. Please refer to the Signature regulations for this unit.

The pass mark for Part 7 is 50%. In addition, Essential Criteria E1, E2 and E3 - two or more points must be achieved for each of these to pass this unit, regardless of the total number of points achieved.

The evidence collected for parts 1 to 5 will be internally assessed by appropriately qualified staff at the centre and externally moderated by Signature. The CAR forms to show that candidates have achieved parts 1 to 5 must be returned to Signature at the same time as sending Parts 6 and 7 for marking. Centres must keep filmed evidence for parts 1 to 5 for External Quality Assurance purposes, should they be required.

Candidates must pass all 7 parts to achieve this unit.

Knowledge and understanding

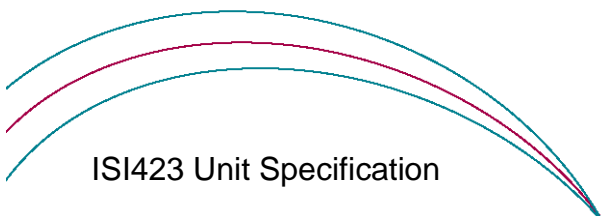

Knowledge and understanding is not assessed separately. It is done through achievement of the assessment criteria.

The learner will be able to demonstrate K1 – K10 shown below:

- K1** the languages in which you interpret, with the ability to function at graduate/NQ6 level for your first language; and A level/Higher/NQF4 for your other language(s)
- K2** the process of interpreting from one language into another and how to reflect the meaning of the source language into the target language
- K3** the cognitive processing involved in interpreting and concepts such as long-term and working memory, reformulation and time lag
- K4** the cultures of the languages in which you interpret and their conventions for communication
- K5** the concept of register (frozen, formal, informal, colloquial and intimate) and the transfer of register from one language into the other
- K6** the concept of consecutive and simultaneous/whispered modes of interpreting and when you might use these
- K7** techniques to manage communication if it breaks down in one or more of the following ways:
 - you need to check on meaning
 - the degree of complexity, technicality or emotional charge is beyond your ability to deal with it
 - an apparent lack of understanding or misunderstanding hinders communication between the source and target language user
 - your position and/or that of the users hinders communication
 - the users are communicating too fast or too slowly

- the users fail to observe appropriate turn-taking.
- K8** the role of the interpreter and the principles of professional practice
- K9** the concept of the domain in interpreting
- K10** health and safety requirements
- K11** techniques of taking notes when interpreting in consecutive mode.

Level 4 Certificate in the Introduction to Interpreting

Unit ISI423

ASSESSMENT SPECIFICATION

Please read this specification in conjunction with Signature Assessment Regulations on our website.

Assessment for this unit will be split into different parts as detailed below:

Assessment	Method of Assessment
1. Written Paper	Externally assessed by Signature
2. Written Paper	Externally assessed by Signature
3. Simulated assignment	Externally assessed by Signature
4. Simulated assignment	Externally assessed by Signature
5. Simulated assignment	Externally assessed by Signature
6. Self-evaluation	Internally assessed at the centre
7. Learning Journal	Internally assessed at the centre

Important Notice: All Internally Assessed Units will be Externally Quality Assured by Signature.

Part 1- Written Paper

Candidates will be assessed on their ability to clearly explain the assessment criteria in learning outcome 1. They will complete a written paper provided by Signature. This will be externally assessed by a Signature External Assessor.

Part 2- Written Paper

Candidates will be assessed on their ability to clearly explain the assessment criteria in learning outcome 2. They will complete a written paper provided by Signature. This will be externally assessed by a Signature External Assessor.

Parts 3 to 5 - Simulated assignment

Candidates will complete three different 20 minute simulated assignments.

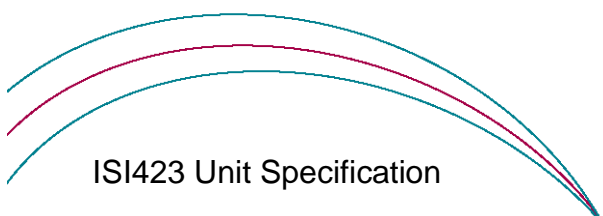

Notes:

- The teacher-assessor will set up three different simulated interpreting assignments.
- Three different topics must be planned and negotiated by the teacher-assessor and candidate, prior to the assessment date.
- The candidate will deliver a 20 minute consecutive piece of interpreting during the simulated assignment.
- The candidate should be viewable, in the viewing frame of the camera, and **all** ISL features fully visible.
- Sound is switched on, to hear each simulation, during the recording of the assessments.
- Candidates will fail if their assignment is under 20 minutes.

For Parts 3 to 5, the teacher-assessor will recommend a Pass/Fail. All parts will be externally marked by a Signature External Assessor. The final mark awarded to the candidate for these parts will be the mark given by the Signature External Assessor, and centres can use the mark given by the internal assessor as guidance on how they are assessing the unit internally.

Part 6 – Self Evaluation

Candidates will need to show evidence of progress through self evaluation and the use of Personal Development Plans. Candidates will need to evaluate their performance on the three different simulated assignments using the assessment criteria to identify strengths and areas for development. The teacher-assessor should fill in the relevant Candidate Assessment Record (CAR) form for each candidate for this assessment to show which criteria has been met. This will be internally assessed by appropriately qualified staff at the centre and externally moderated by Signature.

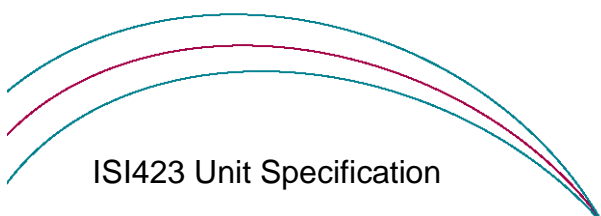

Part 7 – Learning Journal

Candidates will be expected to create a Learning Journal to reflect on their performance, documenting their areas of learning. Candidates should use the template provided and will need to show which criteria they have met on the CAR form for this part of the assessment. The Learning Journal should cover the length of the course. This will be internally assessed by appropriately qualified staff at the centre and externally moderated by Signature.

Parts 1 to 5 will be sent to a Signature External Assessor for marking. The CAR forms to show that candidates have achieved parts 6 and 7 must be returned to Signature at the same time as sending Parts 1 to 5 to the External Signature Assessor for marking.

The pass mark for Parts 1 to 5 is 50%.

Candidates must pass all 7 parts to achieve this unit.
