Unit Specification

ISL101 – Introduction to
Irish Sign Language (Healthcare)

J/503/0135

Sept 2019 – Aug 2020

UNIT SPECIFICATION

Unit ISL101 – Introduction to Irish Sign Language (Healthcare)

(RQF Unit Number: J/503/0135)

Unit summary and aim

This unit is designed to teach learners to communicate with Deaf people in Irish Sign Language (ISL) on a range of healthcare topics that involve simple, everyday language use.

The specification has been designed to using the UK Occupational Language Standards 2010 at Level 1.

Unit ISL101 (Healthcare) is internally assessed by the teacher.

The recommended guided learning hours are **20** hours as shown below:

Unit	Guided learning hours (GLH)	Additional study hours	Total learning time	Credit value at Level 1
ISL101 (Healthcare)	20	10	30	3

GLH includes assessment time.

Additional study hours include private study, homework, practice, etc.

Qualification objectives

At the end of the unit, learners will be able to:

- understand and use a limited range of simple health related words and sentences in ISL
- take part in simple, everyday conversations in ISL
- give and follow simple directions or instructions in ISL
- give and follow simple familiar healthcare statements or descriptions in ISL.

Target group

Unit ISL101 (Healthcare) is designed to provide a nationally accredited unit of ISL skills for people who work in healthcare services that may come into contact with Deaf people or colleagues. These may be as patients, service users, friends or relatives of patients. Unit

ISL101 (Healthcare) can be taken without any previous ISL experience at any level. This unit allows learners to gain basic skills.

Deaf people's experience of communication when they need healthcare is still often disappointing. In addition, healthcare staff need to be aware of the isolation and frustration many Deaf people experience with the services that make up the healthcare sector.

N.B this unit will provide healthcare staff with basic ISL skills only. In a more complicated situation it is essential that a Registered Sign Language Interpreter is booked, this unit *will not* give learners the skills needed to interpret. For more information, please visit www.nrcpd.org.uk.

Unit ISL101 (Healthcare) is suitable for those who:

- wish to learn basic ISL skills to facilitate simple communication with Deaf people in healthcare settings
- wish to learn new ISL skills as part of a programme of study
- wish to progress to more advanced study and/or employment using ISL in the future
- are parents, family, friends or colleagues of Deaf people.

Unit ISL101 (Healthcare) is suitable for all ages, including pre-16.

Progression routes

This unit can be achieved separately but to achieve the full Level 1 Award in Irish Sign Language the learner will need to complete units ISL102 and ISL103.

On completion of Unit ISL101 (Healthcare) and units ISL102 and ISL103, a wide range of further qualifications are available, including:

- Signature Level 2 Certificate in Irish Sign Language
- Signature Level 3 Certificate in Irish Sign Language.

If learners wish to complete Unit ISL101 (Healthcare) only, a certificate can be issued. If they wish to undertake the three units in Level 1 Award in Irish Sign Language, a certificate will be issued on completion of the award.

Unit structure

Learning outcomes At the end of this unit, the successful learner will:	Assessment criteria At the end of this unit, the successful learner can:
1. Understand and communicate basic conversation when meeting people	1.1 Address, greet and take leave of another ISL user 1.2 Understand and produce fingerspelling (the manual alphabet) for names of people and places 1.3 Use and recognise strategies for asking for clarification 1.4 Use and recognise simple question forms 1.5 Ask for and give relevant personal information about self or others
2. Know basic numbers	2.1 Recognise and use local numbers for: a) people b) time c) dates d) wards/rooms
3. Understand and communicate the activities which influence a healthy lifestyle	3.1 Give and receive information about a range of activities which contribute to a healthy lifestyle 3.2 Give and receive information about a range of activities which can be damaging to a healthy lifestyle
4. Communicate a range of medical terms and procedures	4.1 Describe a range of health related topics 4.2 Ask about health using a range of appropriate vocabulary 4.3 Give and receive information about various medical conditions and procedures
5. Communicate a range of directions	5.1 Describe and give simple directions in a hospital or medical centre 5.2 Ask for and receive directions using a range of vocabulary

Topic content

1. Meeting people

Meeting familiar people

Attracting attention, e.g. tapping and waving.
Informal ways of greeting familiar people, e.g. Use of gesture; Hi!
Alright? How are you? Haven't seen you for a while!

Meeting unfamiliar people in familiar surroundings (e.g. Hospital or medical centre)

Attracting attention, e.g. tapping and waving.
Formal ways of greeting unfamiliar people.
Introducing oneself, e.g. Hello/good morning, My name is Sarah. What is your name? Where are you from or where do you live? Are you Deaf/hearing? Can you wait for five minutes? Won't be long. Have you an appointment?
Asking if they require assistance, e.g. How are you? Are you ill/in pain? What do you want? What would you like me to do? Can I help? I am the doctor/nurse. Do you want coffee/tea/water? Are you hungry? Do you need a ISL interpreter?

Requesting clarification

When a response or question isn't understood, e.g. Again please.
Sorry, I don't understand. What was that sign? Please write it down.

Using facial expressions when asking or responding to questions, or signalling affirmation and negation.

Leave taking

Ending a basic conversation politely, e.g. Thank you. I must go. See you again. See you later. Excuse me. Goodbye.

Range of vocabulary could include:

Hello, good morning, please, thank you, sorry, no, yes, name, first, second, surname, name sign, deaf, hearing, hard of hearing, deafened, not, me, you, us, them, your, my/mine, his, her, theirs, where, who, what, how, help, learn, ISL, sign, lot, little, see, meet, meet again, live where, do/don't understand, write, pen, paper, repeat, slowly, pleased, happy, see you later, excuse me, goodbye, sit, use this chair, drink, wait, arrive, leave, tea, coffee, milk, black, white, sugar, water.

2. Using numbers

Basic numbers

Counting 0-30 according to the learner's area of learning.

Range of vocabulary could include:

Minutes, time, days, weeks, months, people, ward, rooms, first, second (see 5. Directions).

3. Healthy lifestyle

Commenting on and questioning about health

Asking about health: How are you? Do you smoke? Do you exercise? Do you use salt? Do you drink alcohol? Are you on any tablets?

Range of vocabulary, used in the context of health could include:

Smoking, exercise - swimming, walking, running, cycling, gym. Diet – fruit, vegetables, alcohol, opticians, dentist, tablets.

4. Medical terms and procedures

Describing procedures

Asking for and giving information about treatment, e.g. Can I take your temperature? Can I take some blood? Here are your tablets. The doctor will visit you now. Do you have a pain? Do you want us to contact someone? Who have you come to see?

Range of vocabulary could include:

(see also 1. Meeting people)
Ill, pain, cut, burn, fever, bite, dizzy, waiting room, asking what the problem is, accident, attacked, collapsed, fit, blood/bleeding, temperature, injection, tablets, pain-killer, medicine, appointment, check up, doctor, nurse, ward, tests, thermometer, blood pressure, operation, visiting hours.

5. Directions

Giving and describing simple directions

Giving and describing directions, e.g. The ladies toilet is upstairs, left at the second door. The lift is on the right. Go to the fourth floor. Go upstairs/downstairs. Ash ward is at the end of the corridor.

Asking for directions

Where is the toilet? Where is the doctor/nurse/waiting room/reception?
Where is ward 5?

Range of vocabulary could include:

Toilet, exit, way out, stairs, lift, up, down, left, right, first, second, third, floor, upstairs, downstairs, ask, door, go, waiting room, doctor's/nurse's room, X-ray department.

Level 1 Award in Irish Sign Language

Unit ISL101 (Healthcare)

ASSESSMENT SPECIFICATION

Please read this specification and Signature's Assessment Regulations/General Regulations on our website.

Assessment for this unit will be a basic conversation, between teacher and candidate. Teachers will create activities to cover all the learning outcomes (see page 3) which will be recorded on the Candidate Assessment Record (CAR) Form provided (see page 9).

Candidates will produce evidence which will show both productive and receptive skills for each item on the CAR form. More than one item can be demonstrated in one activity.

The centre will allocate an appropriate person to mark the assessment on the CAR forms. This person will probably work for the centre as their teacher-assessor and must complete the CAR form. External quality assurance will be carried out by Signature. A sample of assessments may be requested for this purpose. If an assessment has been chosen for quality assurance, the assessment must be recorded on a DVD and sent to Signature within seven days after the assessment.

The teacher-assessor can decide if the assessment will be carried out either on a continuous basis over the length of the unit, or at the end of the unit. It is not necessary to assess all assessment criteria, or all candidates, at the same time. If the assessment is carried out at the end of the teaching time or recorded for external quality assurance purposes it should be **no more than five minutes**.

Assessment time is included into the 20 hours of guided learning time.

When the assessment has finished the teacher-assessor should follow Signature regulations for instructions on returning paperwork.

The pass mark for the assessment is 85%, i.e. 15/18. Refer to page 8 for the guidelines.

Candidate Assessment Record Form

Unit ISL101 (Healthcare)

GUIDELINES (for Healthcare)

The candidate can **use (Production)** and **recognise (Reception)** ISL in the following ways:

Assessment criteria:	Production achieved	Reception achieved
Greet/greeted in ISL	Candidate to welcome teacher.	Teacher to welcome candidate and candidate to respond.
Fingerspell own name, receive others	Candidate to fingerspell own name.	Candidate to understand teacher fingerspelling name and repeat.
Ask to repeat or clarify	If this does not occur naturally, teacher needs to give a 'difficult' or unknown sign to allow candidate to ask for repetition or clarification.	If this does not occur naturally, teacher needs to pretend not to understand and ask for repetition or clarification. Candidate must show understanding of this by repeating.
Two questions on personal information – ask/receive	Candidate must ask the teacher at least one question around personal information.	Teacher must ask the candidate at least one question around personal information. Candidate to answer question(s) correctly to show they have understood.
Numbers 0-30 – use/recognise describing/confirming/asking about people, time, dates, wards/rooms	Candidate must sign at least one sign relating to numbers.	Teacher must sign at least one sign relating to numbers. Candidate must respond to show they have understood.
Health and lifestyle – two signs describing/asking about health – use/recognise	Candidate must sign at least one sign describing or asking about health and lifestyle.	Teacher must sign at least one sign describing or asking about health and lifestyle. Candidate must respond to show they have understood.
Medical terms and procedures– describe/ask/recognise medical terms, procedures	Candidate must sign at least one sign describing or asking about medical terms.	Teacher to sign at least one sign about medical terms. Candidate to respond to show they have understood.
Ask/give/receive simple directions	Candidate must ask for directions.	Teacher must give directions and candidate must repeat directions to show they have understood.
	Candidate must give directions when asked by the teacher.	Teacher must ask for directions.
Taking leave – use/recognise signs	Candidate to take leave of teacher.	Teacher to end a conversation politely and candidate to acknowledge.

Note: Candidates and teachers must use different signs to achieve both productive and receptive points. For example, the teacher must sign a different number to the candidate.

CANDIDATE ASSESSMENT RECORD FORM (Healthcare)

Centre: Assessment ID:
 Candidate name: Candidate ID:

Assessment criteria	See guidelines on page 8	
	Production achieved	Reception achieved
The candidate can use (Production) and recognise (Reception) ISL in the following ways:		
Greet/greeted in ISL		
Fingerspell own name, receive others		
Ask to repeat or clarify		
Two questions on personal information – ask/receive simple questions		
Numbers 0-30 – use/recognise, describing/confirming/asking about people, time, dates, wards/rooms		
Health and lifestyle - two signs describing/asking about health – use/recognise		
Medical terms and procedures – describe/ask/recognise about medical terms and procedures		
Ask/give/receive simple directions		
Taking leave – use/recognise signs		
Number achieved (□)		
Total/Result		Pass Fail

(15 or more to pass)

Candidates and teachers must use different signs to achieve both productive and receptive points. For example, the teacher must sign a different number to the candidate.

I certify that the above assessments were carried out according to Signature regulations for this unit, and that no assistance was given to the candidates during the assessment(s).

I confirm that a total of 15 or more ticks in the productive and receptive requirements have been met.
