Knowledge and understanding

Knowledge and understanding is not assessed separately. It is done through achievement of the assessment criteria.

The learner will be able to demonstrate K1 – K10 shown below:

- K1** the languages in which you interpret, with the ability to function at graduate/NQ6 level for your first language; and A level/Higher/NQF4 for your other language(s)
- K2** the process of interpreting from one language into another and how to reflect the meaning of the source language into the target language
- K3** the cognitive processing involved in interpreting and concepts such as long-term and working memory, reformulation and time lag
- K4** the cultures of the languages in which you interpret and their conventions for communication
- K5** the concept of register (frozen, formal, informal, colloquial and intimate) and the transfer of register from one language into the other
- K6** the concept of consecutive and simultaneous/whispered modes of interpreting and when you might use these

ASSESSMENT SPECIFICATION

Please read this specification in conjunction with **Signature Assessment Regulations on our website.**

Assessment for this unit will be split into different parts as detailed below:

Assessment	Method of Assessment
1. Written Paper	Externally assessed by Signature
2. Written Paper	Externally assessed by Signature
3. Simulated assignment	Externally assessed by Signature
4. Simulated assignment	Externally assessed by Signature
5. Simulated assignment	Externally assessed by Signature
6. Self-evaluation	Internally assessed at the centre
7. Learning Journal	Internally assessed at the centre

Important Notice: All Internally Assessed Units will be Externally Quality Assured by Signature.

Part 1- Written Paper

Candidates will be assessed on their ability to clearly explain the assessment criteria in learning outcome 1. They will complete a written paper provided by Signature. This will be externally assessed by a Signature External Assessor.

Part 2- Written Paper

Candidates will be assessed on their ability to clearly explain the assessment criteria in learning outcome 2. They will complete a written paper provided by Signature. This will be externally assessed by a Signature External Assessor.

Parts 3 to 5 - Simulated assignment

Candidates will complete three different 20 minute simulated assignments.

Notes:

- The teacher-assessor will set up three different simulated interpreting assignments.
- Three different topics must be planned and negotiated by the teacher-assessor and candidate, prior to the assessment date.
- The candidate will deliver a 20 minute consecutive piece of interpreting during the simulated assignment.
- The candidate should be viewable, in the viewing frame of the camera, and **all** ISL features fully visible.
- Sound is switched on, to hear each simulation, during the recording of the assessments.
- Candidates will fail if their assignment is under 20 minutes.

For Parts 3 to 5, the teacher-assessor will recommend a Pass/Fail. All parts will be externally marked by a Signature External Assessor. The final mark awarded to the candidate for these parts will be the mark given by the Signature External Assessor, and centres can use the mark given by the internal assessor as guidance on how they are assessing the unit internally.

Part 6 – Self Evaluation

Candidates will need to show evidence of progress through self evaluation and the use of Personal Development Plans. Candidates will need to evaluate their performance on the three different simulated assignments using the assessment criteria to identify strengths and areas for development. The teacher-assessor should fill in the relevant Candidate Assessment Record (CAR) form for each candidate for this assessment to show which criteria has been met. This will be internally assessed by appropriately qualified staff at the centre and externally moderated by Signature. **See Support Pack for Teachers and Students for more information.**

Part 7 – Learning Journal

Candidates will be expected to create a Learning Journal to reflect on their performance, documenting their areas of learning. Candidates should use the template provided and will need to show which criteria they have met on the CAR form for this part of the assessment. The Learning Journal should cover the length of the course. This will be internally assessed by appropriately qualified staff at the centre and externally moderated by Signature. **See Support Pack for Teachers and Students for more information**

Parts 1 to 5 will be sent to a Signature External Assessor for marking. The CAR forms to show that candidates have achieved parts 6 and 7 must be returned to Signature at the same time as sending Parts 1 to 5 to the External Signature Assessor for marking.

The pass mark for Parts 1 to 5 is 50%.

Parts 3-7 must be completed and internally assessed by the date of the external assessments. The evidence collected for parts 3- 7 will be internally assessed by appropriately qualified staff at the centre, parts 3-5 will also be externally assessed by Signature. The CAR forms to show that candidates have achieved parts 6 and 7 must be returned to Signature, at the same time as sending Parts 1-5 for external marking. Centres must keep all evidence for parts 6 and 7 for External Quality Assurance purposes, should they be required. If your assessment has been selected for moderation you will be informed in advance.

Candidates must pass all 7 parts to achieve this unit.

If a candidate fails either of the written external assessments (Part 1 and 2) they will need to re-sit them both again and submit evidence of having successfully completed Parts 3-7.

If a candidate fails any of parts 3-7 the candidate will be deemed to have failed the unit. Should the candidate wish to obtain the unit they will have to re-sit the written external assessments (Part 1 and Part 2) and submit evidence of having successfully completed parts 3-7.
