RQF Level 3 descriptor extract

Summary

Achievement at Level 3 reflects the ability to identify and use relevant understanding, methods and skills to complete tasks and address problems that, while well defined, have a measure of complexity. It includes taking responsibility for initiating and completing tasks and procedures as well as exercising autonomy and judgement within limited parameters. It also reflects awareness of different perspectives or approaches within an area of study or work.

Knowledge and understanding

Use factual, procedural and theoretical understanding to complete tasks and address problems that, while well defined, may be complex and non-routine. Interpret and evaluate relevant information and ideas. Be aware of the nature of the area of study or work. Have awareness of different perspectives or approaches within the area of study of work.

Application and action

Address problems that, while well defined, may be complex and non-routine. Identify, select and use appropriate skills, methods and procedures. Use appropriate investigation to inform actions. Review how effective methods and chosen actions have been.

Autonomy and accountability

Take responsibility for initiating and completing tasks and procedures, including, where relevant, responsibility of supervising or guiding others. Exercise autonomy and judgement within limited parameters.

Assessment strategies

Assessment will consist of practical skills tasks in real or simulated situations.

Evidence of outcomes may be in the form of assessed notes, recordings and observation reports.
