# Qualification aim

## Qualification aim

The Signature Level 6 Diploma in Sign Language Interpreting and Translation (RQF) qualification aims to provide aspiring signed language interpreters and translators with the essential knowledge, understanding and skills for a career in the signed language interpreting and translation professions.

The theoretical model underpinning the structure of this qualification is based on a multimodal understanding of the translation process, which is defined as either 'interlingual' (across languages) or 'intralingual' (within the same language), and as either 'intermodal' (across modalities) or 'intramodal' (within the same modality).

This theoretical model informs the following definitions for the areas of practice, called 'streams', covered by this qualification:

<b>Terminology used in this qualification</b>	<b>Example language combination</b>	<b>Area of practice</b>	<b>Language direction</b>	<b>Modality direction</b>
<b>Stream 1</b> Spoken <> signed interpreting	English <> BSL	Spoken L1 <> signed L2	Interlingual	Intermodal
<b>Stream 2</b> Signed <> signed interpreting	BSL <> ASL	Signed L1 <> signed L2	Interlingual	Intramodal
<b>Stream 3</b> Relay interpreting	BSL <> BSL	Signed L1 <> Signed L1M	Intralingual	Intramodal
<b>Stream 4</b> Written <> signed translation	BSL <> English	Signed L1 <> written L2	Interlingual	Intermodal

## Qualification structure

This qualification is designed to give the candidate the flexibility to specialise in 1 or more of the 4 areas of practice covered by this qualification.

The learning objectives and assessment criteria that make up this qualification are based on the National Occupational Standards for interpreting (CFAINT) and translation (CFAPTra) (Instructus 2017).

The qualification is in 2 parts. In order to complete this qualification, candidates must complete Part 1 **and** at least one stream in Part 2.

### Part 1 – Theories and principles in interpreting and translation

Part 1 covers the underpinning theories and principles of interpreting and translation. It is mandatory for all candidates.

Learning outcomes:

- 1) Analyse and evaluate key theories and principles in interpreting and translation
- 2) Maintain skills and systems for interpreting and translation tasks
- 3) Prepare for interpreting and translation assignments
- 4) Plan and implement continuous professional development

Candidates must successfully complete Part 1 before moving on to Part 2.

### Part 2 – Undertake professional interpreting and translation assignments

Part 2 covers the practical skills required for professional interpreting and translating and is divided into four areas of practice, called 'streams'. Candidates have the option to specialise in 1 or more streams.

Stream 1: Interpret between a spoken and a signed language (Optional)

Stream 2: Interpret between two signed languages (Optional)

Stream 3: Interpret within the same signed language (Optional)

Stream 4: Translate between a written and a signed language (Optional)

Learning outcomes for all streams:

- 1) Carry out interpreting tasks as a professional interpreter
- 2) Work as part of a team of professional interpreters and translators
- 3) Use technology effectively to perform remote interpreting assignments
- 4) Carry out translation tasks as a professional translator
- 5) Evaluate performance as a professional interpreter or translator

Candidates who wish to specialise in more than 1 stream are required to undertake assessments in all the chosen streams. For example, a candidate who wishes to specialise in signed <> signed language interpreting and in written <> signed language translation must complete the required assessments for both streams.

## Total Qualification Time

Guided learning hours	Additional study hours	Total Qualification Time	Credit value at Level 6
500	500	1000	100

Candidates will demonstrate knowledge and skills against the assessment criteria by undertaking assessments relating Part 1 and Part 2 (relevant to their chosen stream).

Candidates must complete **all** the assessments for each of their language combinations.

For example, if a candidate has the language combinations English <> BSL and English <> ASL, the candidate must complete all of the assessments for the spoken <> signed interpreting stream twice: once in English <> BSL language combination and once in English <> ASL language combination.

Part	Type	Stream	Guided learning hours	Additional study hours	Total learning time
Part 1	Mandatory	Theories and principles of interpreting and translation	200	200	400
Part 2	Optional (choose at least 1 stream)	<b>Stream 1</b> Interpret between a spoken and signed language	300	300	600
		<b>Stream 2</b> Interpret between two signed languages	300	300	600
		<b>Stream 3</b> Interpret within the same signed language (relay interpreting)	300	300	600
		<b>Stream 4</b> Translate between a written and a signed language	300	300	600

## Qualification Objective

This qualification is suitable for people who are either currently working within the field of signed language interpreting and translation or are aspiring towards a career as a professional signed language interpreter or translator.

At the end of the qualification candidates will be able to:

- Demonstrate good practice in their area of professional activity
- Demonstrate their ability to carry out interpreting or translation assignments to a professional standard
- Be fully aware of the role of the professional interpreter or translator and the principles of professional practice
- Evaluate and reflect on performance
- Promote personal and professional development

## Essential Requirements

### Language competence requirements

Candidates must be able to demonstrate a particular level of competence in their first language (L1) and second language (L2) or modified first language (L1M).

<b>Language 1 (L1)</b>	<p>The candidate's first language (L1) is normally the candidate's first or preferred language. It is the language the candidate can use and understand best, and in which they can most easily express complex language.</p> <p>The candidate must be able to demonstrate competence in the first language at Level 6 of the Regulated Qualifications Framework (C2 of the CEFR, Mastery Grades 16-17 on the Language Ladder or 8.0 IELTS score).</p>
<b>Language 2 (L2)</b>	<p>The candidate's second language (L2) is a language of which he/she has an excellent understanding and command, but it is not a first or preferred language.</p> <p>The candidate must be able to demonstrate competence in the second language at Level 6 of the Regulated Qualifications Framework (C1 of the CEFR, Proficiency Grades 13-15 on the Language Ladder or 7.0 IELTS score).</p>
<b>Modified Language 1 (L1M)</b>	<p>The candidate's modified language 1 (L1M) is a modified or enhanced form of the first language, if the candidate is interpreting within the same signed language.</p> <p>The candidate must be able to demonstrate competence in the modified first language at Level 6 of the Regulated Qualifications Framework (C2 of the CEFR, Proficiency Grades 13-15 on the Language Ladder or 7.0 IELTS score).</p>

It is the responsibility of the centre to ensure that the above language requirements have been met before accepting a candidate for this qualification. For more information about qualification levels, please visit:

<https://www.gov.uk/what-different-qualification-levels-mean/list-of-qualification-levels>

## Language combinations

This qualification is available in the following language combinations:

Stream	Translation process	L1	L2
<b>Stream 1</b> Interpret between a spoken and a signed language (spoken <> signed interpreting)	Interlingual, intermodal	English or Welsh	BSL or ISL
<b>Stream 2</b> Interpret between two signed languages (signed <> signed interpreting)	Interlingual, intramodal	BSL or ISL	Any other signed language
<b>Stream 3</b> Interpret within the same signed language (relay interpreting)	Intralingual, intramodal	BSL or ISL	Modified BSL or ISL
<b>Stream 4</b> Translate between a written and a signed language (written <> signed translation)	Interlingual, intermodal	BSL or ISL	English or Welsh

## Centre resources

Centres wishing to offer this qualification should ensure there are sufficient resources and expertise to support delivery of the programme to the expected number of candidates. Taught sessions should be delivered in an identified room. A range of appropriate audio-visual aids, likely to be required for the sessions, should be available. Centres must ensure that candidates have access to resources that are appropriate for the Level 6 nature of this qualification. **Centres may be visited by Signature at any time.**

## Centre staffing

Centres should nominate a suitably qualified programme manager and delivery team. The members of the delivery team who teach on behalf of the centre should have the following qualifications and experience:

- A recognised teaching qualification (e.g. DET or PGCE)
- A recognised assessing qualification (e.g. A1 Assessor)
- A recognised sign language interpreting or translation qualification
- Current Registration with a recognised Regulatory body for Interpreters and/or Translators.
- Sufficient teaching experience to deliver the course safely
- Current and sufficient experience of interpreting or translation practice
- Current knowledge of issues relating to the interpreting and translation industry and to the Deaf community

## Support provided to candidates during the course

As part of the induction process, candidates should be given information about the course content, the assessment methods for this qualification and information on reasonable adjustments. Candidates should also be given information on guided learning hours, on-going support, information on tutorials and the range of teaching materials that will be available to support learning.

All candidates should be assessed on their understanding and command of both L1 and L2 (e.g. BSL and English) prior to starting the course.

Further guidance on the Signature Level 6 Diploma in Sign Language Interpreting (RQF) is available in the Support Pack for Teachers and Students on the My Signature.

## Progression

On successful completion of the Signature Level 6 Diploma in Sign Language Interpreting and Translating qualification, candidates will be eligible to apply for Registration with a recognised Regulatory body for Interpreters and/or Translators.

## Generating evidence of interpreting work

The best possible form of evidence is produced in the workplace. Assessors may wish to observe the candidate carrying out interpreting tasks in the workplace, or this evidence may be recorded.

In cases where recording or observation of real evidence in the workplace is impossible, simulated assignments are acceptable provided that they mirror the potential or actual workplace environment. Evidence of rehearsed, construed or scripted interactions is not acceptable.

## Assessment methods

Candidates will track their completion of assessments, and monitor their achievement of assessment criteria, through a Candidate Record Booklet (INTRA6).

The assessor may use a range of assessment methods to evidence the candidate's performance against the assessment criteria, such as:

- Live observations
- Filmed clips
- Written/signed essays and coursework
- Record of discussions
- Observation reports from authorised professionals

## Assessments 1 to 6 – Internal assessments

Assessments 1 to 6 will form a portfolio of evidence demonstrating the candidate's ability to interpret or translate between the candidate's L1 and L2 (or L1M).

- Minimum 15 minutes for each piece of evidence (no maximum)
- The candidate must use notes for one-way consecutive interpreting
- Evidence must include evidence of sustained one-way interpreting or translating (at least 10 minutes of interpreting without any breaks)
- Assessor Mark Sheet must be completed by a qualified assessor for all internal assessments and kept in the candidate's portfolio
- Evidence can be live observed or filmed and will be internally assessed at the centre by qualified assessors. The portfolio of evidence will be externally moderated by Signature
- All live observations must be filmed for external moderation purposes
- Candidates may choose their own topics for assessments 1 to 6, based on the topics in this qualification and with guidance from their teacher
- Interpreting and translation evidence must cover at least 4 different topics (from the list of domains in this qualification)
- Assessments 1 to 6 should be carried out as formative assessments throughout the course
- The candidate must complete and pass assessments 1 to 6 before taking the external assessments 7 to 12
- Evidence of real or simulated assignments are acceptable
- Candidates may not use the same participant more than twice
- All assessment criteria must be covered at least once across all 6 internal assessments
- (CAR form to be completed and kept in candidate's portfolio)

The candidate is also required to complete a critical analysis of interpreting or translation performance for each of the internal assessments. These must be included in the portfolio.

- Minimum 2000 words (or 20 minutes) for each critical analysis (including in-text citations, excluding reference list)
- Critical analysis must draw upon references from the wider interpreting and translation studies literature
- Candidate must cover the assessment criteria in Learning Outcome 5 (evaluate performance as a professional interpreter or translator)
- Critical analysis may be completed in either written English or BSL
- Assessor Mark Sheet must be completed by a qualified assessor for all internal assessments and kept in the candidate's portfolio

## Assessments 7 to 12 – External assessments

Assessments 7 to 12 will be filmed and externally marked by Signature assessors. Assessments 7 to 12 should be carried out as summative assessments at the end of the course.

External assessments are graded Pass, Merit and Distinction.

Pass: 50%

Merit: 60%

Distinction: 70%

The assessment specifications for assessments 7 to 10 depend on the chosen stream.

## Assessments 7 to 9 – Streams 1 to 3

Assessments 7 to 9 ask the candidate to demonstrate competence in one-way simultaneous and consecutive interpreting (in both language directions), two-way face-to-face interpreting and two-way remote interpreting.

- Signature will provide the centre with a scenario based on one of the domains in this qualification, 14 days before the assessment date
- The centre is responsible for sourcing, engaging and preparing the L1 and L2 participants
- The candidate may begin preparing for the assessment 14 days before the assessment date
- The interpreting assignment must be a minimum of 15 minutes and a maximum of 16 minutes. The assessor will stop marking after 16 minutes.

Assessments 7 to 9 are marked against the Marking Criteria for Interpreting (LO1) on page 35.

## Assessment 10 – Streams 1 to 3

Assessment 10 tests the candidate's ability to manage remote interpreting assignments when interpreting two-way.

- The centre will book a date and time with Signature for the assessment.
- The candidate will interpret a conversation between 1 deaf and 1 hearing service user remotely, using appropriate video conferencing software.
- The candidate will receive preparation information about the assignment 14 days in advance.
- Signature will provide the deaf and hearing participants for the assessment.
- The interpreting assignment will be recorded and externally marked by Signature.

Assessment 10 is marked against the Marking Criteria for Interpreting (LO1) on page 35.

## Assessments 7 and 8 – Stream 4

Assessments 7 and 8 in stream 4 require the candidate to produce a signed translation of a live written source text, such as a live broadcast, podcast or conference.

- Signature will provide the centre with the written source text, based on one of the domains in this qualification
- The source text will be approximately 1500 words in length
- The candidate will be notified of the subject content of the assessment 7 days before the assessment date, and will have 7 days to prepare for the assessment
- The candidate may not see the source text until on the day of the assessment
- The candidate will translate the source text from an autocue. The signed translation will be filmed and sent to Signature for external marking

Assessments 7 and 8 are marked against the Marking Criteria for Interpreting (LO1) on page 35.

## Assessment 9 and 10 – Stream 4

Assessments 9 and 10 in stream 4 require the candidate to produce a signed translation of a written source text, such as a book, policy or website.

- Signature will provide the centre with the source text to be translated, based on one of the domains in this qualifications

- The written source text will be approximately 1500 words in length
- The candidate will have 7 days with the source text to prepare the translation
- The candidate will film the signed translation under exam conditions, which will be video recorded and sent to Signature for external marking
- The candidate will have up to 1 hour to record the translation
- 

Assessments 9 and 10 are marked against the Marking Criteria for Translation (LO4) on page 40.

## Assessments 11 and 12 – Streams 1 to 4

Assessments 11 and 12 test the candidate’s ability to produce sight translations of signed and written texts. The candidate must produce a signed translation of a written English source text and a written translation of a BSL video-recorded source text.

- Signature will provide the written and signed source texts to be translated on the day of the assessment
- The source text will be 500 words or 5 minutes in length
- Candidates will have 30 minutes to prepare
- Candidates will have up to 1 hour to produce their written or signed translation
- The written translation may be hand written or typed
- The signed translation must be video recorded (no participant is necessary)
- The centre must send the written and signed translations to Signature to be externally marked

Assessments 11 and 12 are marked against the Marking Criteria for Sight Translation on page 39.
